Why Use F24 for Your Ammunition and Firearms?

Fully Compliant and Audit Ready: Publicly bid in a fair, open, and competitive manner that meets New England's procurement best practices, providing the compliant foundation for MHEC's personalized procurement service.

Member-Only Pricing and Discounts: Members enjoy peak discounts reaching up to 43% off list price (found on tactical items like Safariland body armor), balanced by a solid 16% average discount across the contract.

Scalable Procurement for Any Project: These suppliers have the capacity to scale directly to your department's specific needs. Some have no minimum order requirements and others have the infrastructure for massive large-scale projects and offer free shipping thresholds for volume orders.

Access to Top Brands: Offers centralized access to 89 unique brands. From essential patrol duty items to advanced optical accessories, members can find exactly what they need in one compliant location.

Value-Recovery: Members can leapfrog standard budgetary limitations by taking advantage of the Ammunition and Firearm Trade-in programs. Rather than finding new funding for range training, securely recycle spent ammunition casings to stretch your budget even further, while simultaneously aligning with your organization's sustainability initiatives.
